You Need Crescent Grange

Built in 1916, Crescent Grange is a gathering place, event center, and host to social and educational events. It boasts a large permaculture community garden. It thrives as an all-inclusive family friendly space where members experience genuine community. Designated an Historic Landmark in 2018, Crescent Grange was established to advocate farmers rights. Today, it represents the interests of its community.

Crescent Grange Needs You

Bustling with rentals and community events, the Grange is fueled entirely through volunteer power. It has unlimited potential to be a hub for social, educational, and cultural events. But the Grange needs more participants to make these things possible. The historic Crescent Grange needs you!
